## Prime Flow Down Clauses

### NNM15AA19C METTS II

The following Federal Acquisition Regulation (FAR), NASA FAR Supplement (NFS) and Marshall Space Flight Center (MSFC) clauses are prime contract “flowdown” clauses to any purchase order. Lower-tier subcontracting is not allowed without prior Aerie Aerospace written approval. If Aerie Aerospace provides written approval, the Seller shall flow down the appropriate FAR and NFS clauses in each lower-tier subcontract. At the Seller’s written request, Aerie Aerospace will make available these clauses in full text. These clauses, incorporated herein by reference, are made part of any order with the same force and effect as if set forth in full text.

In the application of these clauses to the Seller, the term "Contracting Officer" shall be interpreted to mean the "Aerie Aerospace Subcontracts Administrator/Buyer" and/or the "Aerie Aerospace Contracting Official" signing the subcontract. The term "contract" shall be interpreted to mean “Purchase Order” or "Subcontract Agreement". The term "contractor" shall be interpreted to mean "Seller" or “Subcontractor”. Exceptions to these definitions are where the specific application has clear legal reference to the "US Government" or to the government agency's "Contracting Officer." Any questions concerning interpretation should be referred to Aerie Aerospace.

For those clauses that require access to Subcontractor’s proprietary data, the references to “Contracting Officer”, “Contractor” and “Subcontractor” shall retain their original meanings.
